Journalism in the Digital Age: Theory and practice for broadcast, print and online media

John Herbert

Journalism in the Digital Age: Theory and practice for broadcast, print and online media John Herbert
Provides the practical techniques and theoretical knowledge that underpin the fundamental skills of a journalist. It also takes a highly modern approach, as the convergence of broadcast, print and online media require the learning of new skills and methods. The book is written from an international perspective - with examples from around the world in recognition of the global marketplace for today's media.

This is an essential text for students on journalism courses and professionals looking for a reference that covers the skill, technology and knowledge required for a digital and converged media age. The book's essence lies in the way essential theories such as ethics and law, are woven into practical newsgathering and reporting techniques, as well as advice on management skills for journalists, providing the wide intellectual foundation which gives credibility to reporting.
