Retos y desafíos de la educación superior (Spanish Edition) Concepción Barrón Tirado

El libro que nos ocupa presenta una gama de posibilidades teórico metodológicas para abordar los retos y desafíos educativos desde diversas perspectivas, a través de la reflexión y análisis de los actores. El primer reto y desafío lo constituye el no dejar de lado una visión amplia de la educación y de los procesos formativos de los sujetos a través de la educación. Un segundo desafío, da cuenta de los factores de riesgo en las sociedades actuales a los que se enfrentan los jóvenes, ligados a factores familiares, escolares y tecnológicos. El tercero se enmarca en los procesos y prácticas de los docentes y alumnos ante los procesos de innovación curricular y multiculturalidad, así como algunas determinaciones inconscientes de los docentes que impactan la vida cotidiana en las instituciones educativas. El cuarto y último reto alude a factores socio-demográficos, de origen socio-económico y cultural, del uso de redes sociales y laborales, que permean la autonomía de los investigadores, los procesos de titulación y las trayectorias laborales de egresados universitarios, no exentas de subjetividad y apego a ciertas costumbres.
