By nature, quilters are fascinated by fabric, color, and pattern. And Sarah Fielke and Kathy Doughty have been feeding that fascination ever since the publication of their first book, *Material Obsession* (STC Craft, 2009). In *Material Obsession 2*, the popular team presents more than 20 new quilts in their trademark style, combining fresh, modern fabrics with traditional designs. The quilts were created in pairs: that is, the two quilters started with the same concept, then worked independently, producing completely different, equally beautiful results. Patterns range from easy to advanced, with a comprehensive technique section so quilters of all levels can join the fun.
