The Walking Dead Live!: Essays on the Television Show

The Walking Dead Live!: Essays on the Television Show

In 2010, *The Walking Dead* premiered on AMC and has since become the most watched scripted program in the history of basic cable. Based on the graphic novel series by Robert Kirkman, *The Walking Dead* provides a stark preview of what the end might look like: the collapse of infrastructure and central government, savage tribal anarchy, and hordes of the walking wounded wandering with no purpose. While the representation of zombies has been a staple of the horror genre for more than half a century, the unprecedented popularity of *The Walking Dead* reflects an increased identification with uncertain times.

In *The Walking Dead Live! Essays on the Television Show*, Philip L. Simpson and Marcus Mallard have compiled a collection of essays that examine the show as a cultural text. Contributors to this volume consider how the show engages with our own social practices—from theology and leadership to gender, race, and politics. Additional essays discuss how the show reflects matters of masculinity, memory, and survivor's guilt.

As a product of anxious times, *The Walking Dead* provides a stark preview of what the end might well look like and what popular interest in the genre means. Providing insight into the broader significance of the zombie apocalypse story, *The Walking Dead Live!* will be of interest to fans of the show and scholars of sociology, cultural history, and television.
