## **LEGO®-Based Therapy: How to build social competence through LEGO®-based Clubs for children with autism and related conditions** Georgina Gomez De La Cuesta

This complete guide to LEGO® Therapy contains everything you need to know in order to set up and run a LEGO® Club for children with autism spectrum disorders or related social communication difficulties and anxiety conditions.

By providing a joint interest and goal, LEGO® building can become a medium for social development such as sharing, turn-taking, making eye-contact, and following social rules. This book outlines the theory and research base of the approach and gives advice on all practical considerations including space, the physical layout of the room and choosing and maintaining materials, as well as strategies for managing behaviour, further skill development, and how to assess progress.

Written by the pioneer of the approach alongside those who helped form it through their research and evaluation, this evidence-based manual is essential reading for professionals working with autism who are interested in running a LEGO® Club or learning more about the therapy.

Do you want to try this extraordinary spending spare time activity?

#### **William Marsh:**

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see

colorful pics on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this LEGO®-Based Therapy: How to build social competence through LEGO®-based Clubs for children with autism and related conditions can make you truly feel more interested to read.
