A Theological Interpretation of American History C. Gregg Singer

"History does not proceed without the ideas of men behind it -- past, present, and future. Because of this, Gregg Singer's book is a must read for pastors' and people to understand the ideas behind our American history. It is surprising to see how much Calvinism and Calvinistic leaders helped guide our country's founding and achieved stability and freedom, especially for religion. The book is also a challenge to teach sound doctrine in the church to raise up faithful and thinking people to influence the ideas behind our future." --Pastor Fred Malone
