## Why is Economics not an Evolutionary Science (Essential Economics Series: Celebrated Economists)

Thorstein Veblen

'Why is Economics not an Evolutionary Science' was first published in 1898 in the Quarterly Journal of Economics. Its author, Thorstein Veblen, was the son of Norwegian American immigrants. He grew up to become a prominent economist and sociologist, producing many books and articles. The subject of this article is arguably the concept he is best known for: utilising evolutionary theory to develop a 20th century theory of economics. This is a must read for anyone with an interest in the influential ideas of this renowned thinker. We are republishing this work with a brand new introductory biography.
