The Secret World of Witchcraft

Jason Karl

The Secret World of Witchcraft Jason Karl

Unlike the broom-riding crones of popular folklore, witches are real and have existed on the fringes of society for centuries. This comprehensive illustrated guide shines a light on Wiccan practices from the 13th century through today. It provides rich historical detail, then adds a modern twist through the fascinating personal stories of today's witches who are keeping The Craft alive. There's a full account of the various types of "Magick"; background on the many Pagan holidays, gods and goddesses; and details on traditional spells and practices passed down through the generations. The subject is treated with respect, making this an invaluable guide for anyone seeking the truth behind the legends.
