Francisco Giner de los Ríos: Actualidad de un pensador krausista (Estudios) (Spanish Edition) José Manuel Vázquez-Romero

Este libro reúne cinco ensayos originales sobre distintas facetas de la empresa intelectual de Francisco Giner de los Ríos (1839-1915). Se trata de hacer justicia a la variedad y enjundia de sus intereses, como ponen de relieve sus títulos: El concepto de estado individual y su relevancia biopolítica, La idea de arte en F. Giner de los Ríos y sus implicaciones en la vida social, El pensamiento pedagógico-musical de Francisco Giner de los Ríos, El krausismo gineriano y la cuestión de América. Encabezado por un jugoso prólogo acerca de ciertos avatares de la investigación krausológica, este libro quiere contribuir a dilatar y ahondar nuestra imagen del pensador krausista español. El trasfondo de su concepción ética del derecho, el encaje del institucionismo en su teoría de la sociedad, su estimación de la función social del arte, su dedicación a la estética y a la pedagogía musicales, o la repercusión americanista de su cosmopolitismo, constituyen algunas de su claves principales.
