# Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine

*Xijun Wang, Aihua Zhang, Hui Sun*

**Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine** Xijun Wang, Aihua Zhang, Hui Sun

*Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine* uses new experimental techniques and research to open

doors in drug discovery and development related to traditional Chinese medicine (TCM). This book features a unique approach that combines chemometric analysis with metabolomics studies to illuminate significant changes that have occurred in syndrome states while simultaneously analyzing the efficacy of chemical ingredients in herbal medicines. Chapters provide cutting-edge information on traditional medicine, analytical technology, natural products, metabolomics, bioinformatics and their applications. This book provides a valuable resource for pharmacologists, pharmaceutical scientists, medicinal plant researchers, pharmacognosists and chemists working with TCM and highlights ways to further research and advances in this area in the future.

- Presents a practical guide for new practitioners of Chinmedomics with insights on the current use and future development of this method
- Each chapter includes an introduction, method, references to the latest literature, possible mechanisms of action and applications
- Edited by the leading experts of research related to Chinmedomics

### **From reader reviews:**

#### **Ross Fletcher:**

Typically the book Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine will bring one to the new experience of reading any book. The author style to clarify the idea is very unique. In the event you try to find new book to read, this book very appropriate to you. The book Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine is much recommended to you to study. You can also get the e-book through the official web site, so you can more easily to read the book.

#### **Douglas Henry:**

On this era which is the greater person or who has ability to do something more are more special than other. Do you want to become one of it? It is just simple way to have that. What you have to do is just spending your time not very much but quite enough to experience a look at some books. On the list of books in the top record in your reading list is Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine. This book and that is qualified as The Hungry Inclines can get you closer in becoming precious person. By looking upward and review this reserve you can get many advantages.

#### **Melanie Finnegan:**

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book had been rare? Why so many concern for the book? But virtually any people feel that they enjoy for reading. Some people likes examining, not only science book but also novel and Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine or others sources were given know-how for you. After you know how the truly amazing a book, you feel want to read more and more. Science e-book was created for teacher or even students especially. Those ebooks are helping them to put their knowledge. In some other case, beside science guide, any other book likes Chinmedomics: The Integration of Serum Pharmacochemistry and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine to make your spare time far more colorful. Many types of book like here.

#### **Emma Anderson:**

What is your hobby? Have you heard in which question when you got college students? We believe that that problem was given by teacher to the students. Many kinds of hobby, Every person has different hobby. And you also know that little person just like reading or as reading through become their hobby. You need to understand that reading is very important as well as book as to be the issue. Book is important thing to

increase your knowledge, except your teacher or lecturer. You find good news or update about something by book. A substantial number of sorts of books that can you decide to try be your object. One of them are these claims *Chinmedomics: The Integration of Serum Pharmacology and Metabolomics to Elucidate the Scientific Value of Traditional Chinese Medicine*.
