**Practical Anatomy for Artists** Peter M Simpson

**From an explanation of proportions to advice on form, depth, and perspective, everything an artist needs to master drawing the human form with precision**

Drawing the human body is a creative process, but one which relies on an accurate rendition of the form and this practical book explains anatomy for the artist. It outlines the skeletal system and how this provides the first lines of construction, and then introduces the superficial muscular system with a guide to different body shapes. With this understanding, an artist is empowered with a rigid structure to aid drawing proportions and the muscle shapes to provide the form. In doing so, this book provides a technical foundation that will support an artist's intuitive skills.

### From reader reviews:

#### **Crystal McMullen:**

What do you regarding book? It is not important along with you? Or just adding material if you want something to explain what you problem? How about your time? Or are you busy individual? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? All people has many questions above. They should answer that question mainly because just their can do that will. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need that Practical Anatomy for Artists to read.

#### **Denise Zimmerman:**

Reading a guide tends to be new life style on this era globalization. With examining you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can certainly share their idea. Textbooks can also inspire a lot of people. A lot of author can inspire their particular reader with their story or even their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors nowadays always try to improve their talent in writing, they also doing some exploration before they write with their book. One of them is this Practical Anatomy for Artists.

#### **William Copeland:**

Are you kind of occupied person, only have 10 or perhaps 15 minute in your morning to upgrading your mind ability or thinking skill even analytical thinking? Then you are experiencing problem with the book than can satisfy your small amount of time to read it because all this time you only find reserve that need more time to be go through. Practical Anatomy for Artists can be your answer since it can be read by you who have those short spare time problems.

#### **Charles Holland:**

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Practical Anatomy for Artists can make you sense more interested to read.
