## **Latino Politics in America: Community, Culture, and Interests (Spectrum Series: Race and Ethnicity in National and Global Politics) John A. García**

Latinos constitute the fastest growing population in the United States today, and Latino political participation is growing dramatically. Still, Latino political power is not commensurate with the numbers, and much potential remains to be tapped. This text lays out the basic facts of Latino America--who Latinos are, where they come from, where they reside--and then connects these facts to political realities of immigration, citizenship, voting, education, organization, and leadership.

Throughout the book, the theme of culture and community building links Latinos past with the present, and points the way toward a future of shared interests and coalitions among the diverse Latino subgroups as well as with other groups vying for power in a shrinking Anglo America. Author John A. García brings thirty years of experience in all aspects of politics, policy, and academic theory to bear in painting a nuanced portrait of contemporary Latino political life.
