**Lightship** Brian Floca

You may never have  
heard of a lightship.

Once, lightships  
anchored on waters  
across America,  
on the oceans  
and in the Great Lakes,  
floating where lighthouses  
could not be built.  
Smaller than most ships,  
but more steadfast, too,  
they held their spots,  
through calm and storm,  
to guide sailors  
toward safe waters.

In these pages  
one lightship  
and her crew (and cat)  
again hold their place.  
The crew goes  
again from bow to stern,  
from keel to mast,  
to run their engines,  
shine their lights,  
and sound their horns.

They run the small ship  
that guides the large ships.  
They are the crew (and cat)  
that work to make the ocean safe,  
that hold their place,  
so other ships can sail.

Come aboard!
