We flock to it in droves to pay homage to what many consider the North Shore, the Mount Everest, the Vatican, the Taj Mahal, the Empire State Building, the Marilyn Monroe of mountain biking -- Moab, Utah. But mind you, Moab is not for everyone. Nowhere is the terrain more challenging or more dangerous. Nowhere is the penalty stiffer for screwing up. But if mountain bikers don't ride Moab, they will forever dream of what could have been. Moab is simply the best mountain bike destination on earth. No question. No controversy. No ifs, ands, or buts. It gets under your skin. Come here once, and you will come again and again.

From this book mountain bikers can expect exhaustive and comprehensive trail descriptions, from beginner to advanced, GPS-quality, digitally designed relief maps detailing each ride, and accurate profiles maps showing the ups and downs of each route. In addition, detailed directions get cyclists to the ride without getting them lost. Detailed mile-by-mile directional cues are also provided with difficulty ratings, elevation gain, trail contacts, and much more.
