Pictures From Italy: Extended Annotated & Illustrated Edition

Charles Dickens

Pictures From Italy: Extended Annotated & Illustrated Edition Charles Dickens

This is the illustrated and annotated edition including an extensive biographical essay about the author and his life as well as a wealth of original illustrations. You will always find a detailed introduction (which is not included in other editions) regarding the history of the title and many insights.

The Pictures from Italy are excellent in themselves and excellent as a foil to the American Notes. Here we have none of that air of giving a decision like a judge or sending in a report like an inspector; here we have only glimpses, light and even fantastic glimpses, of a world that is really alien to Dickens. It is so alien that he can almost entirely enjoy it. For no man can entirely enjoy that which he loves; contentment is always unpatriotic. The difference can indeed be put with approximate perfection in one phrase. In Italy he was on a holiday; in America he was on a tour. But indeed Dickens himself has quite sufficiently conveyed the difference in the two phrases that he did actually use for the titles of the two books. Dickens often told unconscious truths, especially in small matters. The American Notes really are notes, like the notes of a student or a professional witness. The Pictures from Italy are only pictures from Italy, like the miscellaneous pictures that all tourists bring from Italy.
