*Living with Light* takes its inspiration from the northern hemisphere, where winters are long and light is at a premium, and techniques have been developed to make the most of every available second. Photographed predominantly in Scandinavia, chapter by chapter, *Living with Light*

elaborates on creative ideas for decorating the Scandinavian way: soft color radiates spring sunshine, and at night there's romantic firelight, illuminating decorative details from a porcelain candle-holder to the grain of whitewashed floors. The homes featured here are traditional or crisply contemporary, and some have interpreted the look in a uniquely personal

way, but all are based on the theme of making spaces light and airy.

- The perfect companion for anyone who wants to emulate

Scandinavian style.

- Specially commissioned photography by interiors expert Mark Scott.
