## **Rapid Interpretation of Balance Function Tests** Michael J. Ruckenstein, Sherrie Davis

This book provides professionals who treat patients with balance disorders with an easy-to-read and practical manual for how to interpret and understand balance function testing. A variety of health care professionals, including otolaryngologists, neurologists, primary care physicians, audiologists, and physical therapists will benefit from this book. This text will serve as a simple and straightforward text that explains what you need to know about these tests. Included are: indications for balance function testing, what these tests can and cannot reveal, the basics on how they are performed, and how they are interpreted. A section called 'Putting it all together' gives sample test results and their interpretations. The included DVD illustrates the case examples
